Magic Reports First Quarter 2016 Revenues of \$44.7 Million, Increasing 11% Year over Year and Non-GAAP Operating Income of \$6.7 Million

Operating cash flow for the first quarter of 2016 totaled \$11.2 million

Or Yehuda, Israel, May 9, 2016 – [Magic Software Enterprises Ltd. \(NASDAQ and TASE: MGIC\)](#), a global provider of [mobile](#) and [cloud-enabled application](#) and [business integration platforms](#), announced today its [financial results](#) for the quarter ended March 31, 2016.

Financial Highlights for the First Quarter Ended March 31, 2016

- Revenues for the first quarter increased 11% to \$44.7 million compared to \$40.3 million in the same period last year.
- Non-GAAP operating income for the first quarter remained constant at \$6.7 million compared to the same period last year. Operating income for the first quarter decreased to \$5.3 million from \$5.8 million in the same period last year.
- Non-GAAP net income for the first quarter decreased 7% to \$4.8 million, or \$0.11 per fully diluted share, compared to \$5.2 million, or \$0.12 per fully diluted share in the same period last year. Net income for the first quarter decreased to \$3.7 million from \$4.3 million in the same period last year. Net income was negatively impacted by increased tax expenses of \$0.8 million.
- Operating cash flow for the quarter amounted to \$11.2 million.
- During the first quarter, in accordance with our semi-annual dividend distribution policy, Magic distributed a cash dividend of \$0.09 per share (approximately \$4.0 million in the aggregate) with respect to its 2015 second half results of operations.
- As of March 31, 2016, our total cash, cash equivalents and short-term investments amounted to \$81 million.
- Magic is reiterating its fiscal year 2016 guidance issued in February for full year revenues between \$191 million to \$195 million on a constant currency basis.

Comments of Management

Guy Bernstein, Chief Executive Officer of [Magic Software Enterprises](#), said:

“We are pleased to report another quarter with year-over-year double-digit revenue growth and maintaining our solid 15% operational profitability. We are confident that our portfolio provides the software and services enterprises need to succeed in today’s digital age. Our recent Magic xpa 3.1 release has received tremendously positive customer

feedback and we are seeing strong uptake, as well as strong demand for our professional services in areas including cloud and mobility.”

“Our financials remain strong. This quarter, cash flows from operations reached \$11.2 million, contributing to our total cash position of \$81 million,” added Bernstein.

Non-GAAP Financial Measures

This release includes non-GAAP operating income, net income, basic and diluted earnings per share and other non-GAAP financial measures. These non-GAAP measures exclude the following items:

- Amortization of purchased intangible assets and other related costs;
- In-process research and development capitalization and amortization;
- Equity-based compensation expense;
- Litigation costs;
- The related tax, non-controlling interests and redeemable non-controlling interests effects of the above items;

Magic Software's management believes that the presentation of non-GAAP measures provides useful information to investors and management regarding financial and business trends relating to the Company's financial condition and results of operations as well as the net amount of cash generated by its business operations after taking into account capital spending required to maintain or expand the business.

These non-GAAP financial measures are not in accordance with, or an alternative for, generally accepted accounting principles and may be different from non-GAAP financial measures used by other companies. In addition, these non-GAAP financial measures are not based on any comprehensive set of accounting rules or principles. Magic Software believes that non-GAAP financial measures have limitations in that they do not reflect all of the amounts associated with the Company's results of operations as determined in accordance with GAAP and that these measures should only be used to evaluate the Company's results of operations in conjunction with the corresponding GAAP measures.

Refer to the Reconciliation of Selected Financial Metrics from GAAP to Non-GAAP tables below.
