Comments of Management

Guy Bernstein, Chairman of Magic Software, commented on the results: "We are pleased to report an eleventh consecutive quarter of profitability for the company, which comes despite the continuing challenges in the global economy. Notwithstanding these challenges, we have been successful in obtaining new business this year, including twenty new customers in the US alone. While cautiously encouraged by the reviving markets in the US and Japan, we continue to exercise fiscal and operational restraint. To ensure ongoing stability and profitability, we continue to invest in our core growth engines."

Summary of the Quarter

- [Eyal Pfeifel](#) has been appointed as the company's new CTO. Eyal brings with him previous Magic Software experience and 20 years in planning and managing large-scale and innovative technology projects.
- The company's US branch continues to gain new customers, and increased revenues and profits this quarter.
- The company's Japanese branch also showed improved revenues and profitability thanks to careful planning, and provides a basis for cautious optimism in the Japanese market recovery.
- The uniPaaS application platform continues to be adopted worldwide. The company is now implementing close to 100 uniPaaS RIA projects in Japan alone.
- Other significant uniPaaS deals include uniPaaS RIA for [KLAFS](#), Europe's leading sauna and spa manufacturer; and [Bank Leumi](#), Israel's leading commercial bank, which is migrating 60 of its applications to uniPaaS.
- The company has won a number of new iBOLT deals, including a SaaS/on-premise integration for [Clinical Financial Services](#) in the US; a Lotus Notes integration for [MintWave](#) in Japan; a Salesforce.com/SAP R/3

integration for [AVL](#) in Austria; and a SAP R/3 integration for [KLAFS](#) in Germany. The company also entered into a new partnership agreement with [nefos GmbH](#), a leading consulting partner for Salesforce.com, based in Zurich, Switzerland.

- Magic Software's executives continue to speak at industry events, including the recent [Software Business 2009 Conference](#) and the [2009 Quest West Conference](#).
- Magic Software joined Salesforce.com Foundation's '[Power of Us](#)' partner program.
- The company [was ranked 250](#) among the World's Largest Software Companies by Software Magazine.
- The company's uniPaaS and iBOLT solutions gained significant media coverage in the quarter from specialist IT media publications including [IT-Business](#), [banking technology](#), [ebizQ](#), [Channel Pro](#), [ITBusinessEdge](#), [ITWeb](#), [manufacturing.net](#), [SaaS Directory](#), [BCW](#), [Software Mag.com](#), and [Retail Technology](#). For a full listing of our media coverage read [here](#).
- Magic Software was included in five Gartner and Forrester [industry analyst reports](#) this quarter. Magic Software's uniPaaS was recently added to Gartner's [Magic Quadrant for Enterprise Application Servers](#), (Gartner Report, 24 September 2009, Yefim V. Natis, Massimo Pezzini, Kimihiko Iijima).

Non-GAAP Financial Measures

This release includes non-GAAP operating income, net income, basic and diluted earnings per share and other non-GAAP financial measures. These non-GAAP measures exclude the following items:

- Amortization of purchased intangible assets;
- In-process research and development capitalization and amortization and;
- Equity-based compensation expense.

Magic Software's management believes that the presentation of non-GAAP measures provide useful information to investors and management regarding financial and business trends relating to the Company's financial condition and results of operations as well as the net amount of cash generated by its business operations after taking into account capital spending required to maintain or expand the business.

These non-GAAP financial measures are not in accordance with, or an alternative for, generally accepted accounting principles and may be different from non-GAAP financial measures used by other companies. In addition, these non-GAAP financial measures are not based on any comprehensive set of accounting rules or principles. Magic Software believes that non-GAAP financial measures have limitations in that they do not reflect all of the amounts associated with Magic Software's results of operations as determined in accordance with GAAP and that these measures should only be used to evaluate Magic Software's results of operations in conjunction with the corresponding GAAP measures.
